MEMORANDUM

DATE: May 1, 2024
TO: Public
FROM: Heritage Oversight Project
SUBJECT: New Document Highlights Partisan Application of Biden’s FedGov Get-Out-The-Vote Operation

The Heritage Foundation’s Oversight Project has researched the implementation of Executive Order 14019 (“E.O.”), *Promoting Access to Voting*¹, and concludes that this E.O. is a partisan voter mobilization effort by the Biden Administration to mobilize historically Democratic groups to vote in federal elections. This conclusion is heavily informed by previously private Department of Justice (“DOJ”) records published for the first time in this Memorandum.

The E.O., signed on March 7, 2021, mandates that federal agencies develop plans for getting-out-the-vote, including: providing access to mail-in-ballot registrations; having the federal government assist in completing those registrations; promoting access to non-English ballots; and, importantly, “soliciting and facilitating approved, nonpartisan third-party organizations and State officials to provide voter registration services on agency premises.”² The E.O. ordered all Federal Agencies to develop strategic plans to support implementation of the E.O. and submit them to the White House by September 23, 2021.³

ACTIVIST ORIGINS OF EXECUTIVE ORDER 14109

The E.O. has activist origins. On December 3, 2020, Demos, a far-left think tank with close ties to the Biden Administration published *Executive Action to Advance Democracy: What the Biden-Harris Administration and the Agencies Can Do to Build a More Inclusive Democracy*.⁴ This document provided a road map for the use of Executive power to “ensure the integrity of our elections and strengthen opportunities for civic participation for all Americans, particularly for Black and brown Americans.”⁵

The Oversight Project

President Barack Obama was a founding board member of Demos.⁶ The organization exerts great influence in directing leftist lawfare efforts. For example, on March 17, 2017, Demos demanded “The Deputy Attorney General must immediately authorize the appointment of a special counsel to investigate possible crimes by Trump or his associates” based upon the false Russia collusion allegations created by Hillary Clinton’s presidential campaign.⁷ On that same day, Department of Justice Acting Attorney General Rod Rosenstein appointed Robert Mueller as Special Counsel.

President Biden issued E.O. 14019 on March 7, 2021. That same day, Demos took credit for the Executive Order, writing “*Today’s Executive Order is an important step forward on an initiative Demos promoted as a priority for the Biden-Harris administration during the presidential transition and has been a focal point of our work for years.*”⁸ Demos also noted, “*Demos’ work with state agencies provides clear evidence of the potential impact of agency-based registration. It can add millions of eligible persons to the voting rolls.*”⁹

PARTISAN PARTICIPANTS IN EO 14019 IMPLEMENTATION

On July 12, 2021, the Department of Justice, other Government agencies, and representatives of the Executive Office of the President held a “Listening Session” which utilized non-governmental organizations (“NGO”) to facilitate the Federal Government’s implementation of the Executive Order. *See* App. at 78–79, 113–17.¹⁰ Analysis of these NGOs and their representatives who participated in the Listening Session identified zero Republicans, Independents, or politically conservative individuals. ***Every participant whose party affiliation or political donation history could be identified by the Oversight Project was identified as a Democrat except for one Green Party member.*** This is concerning because the listening session was billed as “nonpartisan nonprofit organizations engaged in voting rights advocacy to provide their recommendations and thoughts on best practices.” App. at 79. Based on available records, the listening session did not include any participants whose mission includes ensuring that only *lawful* votes are counted. Counting *unlawful* votes dilutes lawful votes no less than any other form of currently legal cognizable dilution, such as “packing” racial minority voters.¹¹

NGO participants at this Listening Session included representatives of the following left-wing organizations:

The Oversight Project

The Leadership Conference on Civil and Human Rights, a coalition of 240 left-wing NGOs, appears to have held significant influence on the Listening Session. The majority of the NGOs in attendance at the Listening Session are members of the Leadership Conference. White House visitor logs also indicate that Wade Henderson, the Leadership Conference Interim CEO, met with President Biden and senior staff three times in May and July 2021—the weeks and months leading up to the Listening Session. Of the July 8, 2021 meeting, the Leadership Conference wrote on social media, *“Our interim president and CEO @Wade4Justice joined other civil rights leaders at the White House today. They met with @POTUS and @VP to discuss our freedom to vote and other urgent issues facing our democracy.”*¹²

President Biden’s current head of the Department of Justice Civil Rights Division, Kristen Clarke (“Clarke”), served as the head of the Leadership Conference until her Senate confirmation in May 2021.¹³ Clarke is credited with playing a significant role in preventing a citizenship question from being added to the 2020 census.¹⁴

Another former head of the Leadership Conference, Vanita Gupta (“Gupta”)¹⁵, served in the Biden Administration as the Associate Attorney General—the third-ranking position in the Justice Department—from April 2021 to February 2024. Gupta formerly served as the head of the Department of Justice’s Civil Rights Division under President Obama.

OVERSIGHT PROJECT OBTAINS UNREDACTED LISTENING SESSION NOTES

The Oversight Project obtained unredacted notes from a DOJ attorney documenting the substance of the Listening Session. The NGO talking points focused upon efforts to target historically Democratic voter blocks and expressed alarming extremist views. There is no corresponding evidence of efforts increase voter access and education in likely Republican constituencies.

The Listening Session’s first three speakers suggested actions to be taken to ensure the Bureau of Prisons facilitates the voter registrations and ballot access of prison inmates and provides information on restoration of felon voting rights. One speaker noted *“Felons in Puerto Rico are also eligible to vote. In Mississippi, don’t lose the right to vote for federal convictions,*

and AL also has some eligibility. Those individuals with convictions for federal misdemeanors can usually vote, too.” Even “people in pretrial custody also have the right to vote.” App. at 2 (emphasis added). A speaker also espoused the extreme and ahistorical view that “felony disenfranchisement is voter suppression.” App. at 1.

Other speakers suggested facilitating registration drives by leveraging current Government agency resources to register users of those services. These services are highly correlated to core historic Democratic voting constituencies. The ACLU suggested using the Head Start platform to register voters. App. at 5. Head Start is a federal program for preschool children from low-income families. The ACLU also suggested targeting Social Security process to register recipients as *“They are lower income and have disabilities.”* App. at 5 (emphasis added). Another group recommended for targeted voter registration was IRS recipient of tax assistance: *“That system could also be leveraged.”* App. at 5 (emphasis added). Likewise, Demos suggested HUD as a vehicle to register low-income persons in public housing by *“requiring public housing authorities to include this.”* App. at 6 (emphasis added). A speaker from the Native American Rights Fund suggested means for expanding Native American voter registration to include *“food distribution sites could be helpful, as could service sites for children and families, like head start, Bureau of Indian education.”* App. at 4 (emphasis added).

Other speakers trumpeted the merit of “dropboxes”—proven to be historically insecure—and lamented the “[p]ushback” against them (*i.e.*, banning “Zuckbucks” distribution of dropboxes in a partisan, and in some cases illegal, manner).

The representative from MALDEF appeared to suggest that the American people must trust that noncitizens are legally entitled to vote in the elections they attempt to vote in. *“Immigrants and noncitizens—we support voter registration efforts. We want to make sure that they are done in a careful way. All fed employees must be trained in this. Need to trust people are acting in bounds of the law. Especially when there are language issues.”* App. at 6 (emphasis added). Put differently, MALDEF appeared to articulate the common left-wing view that prohibitions on non-citizens voting should not be enforced *pre-election* via methods widely used elsewhere (*e.g.*, most of Europe) such as requiring appropriate voter ID. Rather, they should only be enforced *post-election* via prosecutions that face any number of obstacles (some deliberately interposed by the very same left-wing groups). Of course, *post-election* only enforcement may well result in illegal votes influencing and possibly deciding an election.

CONCLUSION

Due to the foregoing, we conclude that the E.O. is a partisan voter mobilization effort by the Biden Administration to use the Federal Government and its’ resources in order to support targeted, partisan voter mobilization efforts and get-out-the-vote (“GOTV”) operations—an attempt to influence the outcome of future elections through the use of federal resources, infrastructure, and reach.

Vote Operation*

Voting EO - Stakeholder Engagement Listening Session w/ Voting Rights Advocates – July 12, 2021

Justin Levitt – opened session & led introductions

Jesselyn McCurdy – LCCHR. Many of our voting rights task force members will be presenting today.

1. Keeda Haynes (Sentencing Project) – will be focusing remarks on incarcerated people. Discussing Sec. 9 of EO

-eligible voters who are incarcerated have been left out of voting.

-4000 DC residents are in federal custody across the country. DC Bd. of elections has sent voter registration forms to 2400 people.

-people in pretrial custody also have the right to vote.

-Marshall Project report released a couple of weeks ago about voting rights restoration

-Questions: who is overseeing implementation process at BOP? Is there a process at BOP to notify newly eligible voters of their right to vote?

Ideas:

- BOP could provide voter registration form in A&O training (orientation training).
- Could also create program statement about voting and create grievance process if facility doesn't conform.
- BOP identification could be used for voter registration.
- Could pass out info at mail call.
- Case managers can give voting info and discuss it – include this at progress report (when inmate gets driver's license and social security card).
- Partner orgs could come in and do pre-release classes to provide info.
- Could create facility coordinator – this person would have to be trained to overcome BOP apathy.
- Civics classes as part of pre-release classes.
- Where there is a concentration of eligible voters (for ex, facility in West VA w/ lots of DC residents) – could provide in-person voting options, such as voting machines. Puerto Rico does this, which leads to higher participation.
- BOP is responsible for DC and Puerto Rican residents to participate as well.

-felony disenfranchisement is voter suppression. We would welcome opportunity to continue to assist with these proposals.

2. Zara Haq (ACLU)

-we'd welcome the opportunity to partner with BOP on best practices. Who is the team to contact, and what implementation steps have been taken?

3. Dana Paikowsky (Campaign Legal Center)

-we want to develop infrastructure in jails and prisons and also help people understand their eligibility after they are released.

-we developed a few recommendations. We heard back from BOP and were excited.

-We remain concerned about BOP's focus on voter registration only, and only on individuals from ME, VT, and DC. Felons in Puerto Rico are also eligible to vote. In Mississippi, don't lose right to vote for federal convictions, and AL also has some eligibility. Those individuals with convictions for federal misdemeanors can usually vote, too.

-we operate www.Restoreyourvote.org – purpose of this site is to provide info on disenfranchisement. That kind of tool would have a much bigger impact if provided by the federal government. We've learned a lot trying to run this website over last 4 years and can pass that info on to BOP.

4. Terry Minnis (Asian Americans Advancing Justice)

-primary focus is eliminating hurdle of language barriers. Almost ¾ Asians speaks a language other than English at home; 2/3 are LEP

-Agencies should be looking to provide in-language materials. EAC provides lots of info in-language.

-Agencies should be aware of section 203 coverage. Next set of determinations will be made in December, and EAC should update those materials accordingly.

-We support directive to translate vote.gov. It has to be easily accessible to voter that there is an in-language version. Translation must be done at average reading level with colloquial understanding. Has to be a human component of the translation process – not just google translate.

-Make voter registration info mandatory at naturalization ceremonies

5. Ryan Suto (Arab American Institute)

[He was not available]

Terry Minnis

-Ryan is interested in expanding beyond section 203 languages – no need to restrict efforts to only those languages. There are other communities with the same need. Agencies should look at Census data and understand where there are needs for other language assistance

6. Jose Morales (Fair Fight Action)

- based on experiences last year and this year, there are many new ID requirements
- Question: is your agency prioritizing opportunities for helping people to fill out voting forms/vote by mail ballot and copy their ID? Many people don't have access to copiers/printers. People also don't want to mail copies of their IDs for identity theft/scam concerns. Logistical support could really help
- fast growing communities speak other languages. Getting them those ballot request forms and ID copying capabilities really matters
- Federal employees – let them take the day off to vote and help the machinery of election workers. There is an assault on our election workers.

7. Michelle Bishop (National Disability Rights Network)

- 40 Million eligible voters with disabilities
- Drop boxes are great. Pushback is happening across states. Affirming right to use a drop box would help. This was done on the fly in 2020, and sometimes they were designed inaccessibly or placed on inaccessible pathways. Local election officials are not going to be really well-versed on ADA. How standards apply to drop boxes would help. Guidance from DOJ, EAC, or US Access Board would be great
- Concerned with having “at least one” accessible voting spot per polling place (requirement of HAVA). That's a minimum. But 1 is insufficient. We have worked to get that changed in HAVA. Guidance that would create a formula for the appropriate number of accessible spots you need given the number of people voting there, etc. would be very helpful as a guideline for local voting officials.
- Access to vote for people in long-term care facilities. We would love to see more guidance on this. Responsibility of staff to assist any eligible and registered voter. Staff cannot make determination of competency – a Court has to be involved in that.
- Agencies need to bring people with disabilities into every part of the process. Must hire to embed people with disabilities in all levels of government. This is particularly true with EAC and political appointees at DOJ.

8. Rachita Singh (American Assoc. of people with Disabilities)

- Michelle mentioned ADA, HAVA, and accessibility at polling places. These are not enforced as much as they could be. We need more enforcement.
- Happy to see AG's commitments for VOT section of CRT, we need the same commitment for DRS
- enforcement of ADA at polling places. States have used ADA requirements as a reason to close down polling places. Inaccessible places can use accommodations like curbside voting – but states are cutting

back on this. Should not use ADA to disenfranchise voters, especially in communities of color. Local jurisdictions need guidance

-web accessibility: modernizing vote.gov. State websites are not accessible, provide confusing info, and make it difficult to find info about exactly what is needed to vote. Community of people with disabilities have particular questions that really matter – like how to vote under guardianship, etc.

-vote by mail is very important. We'd like a federal standard. Postage should be included. That reduces barriers to casting a ballot.

Justin Levitt

-PSA: WH stays out of enforcement actions of agency partners!

9. Samantha Kelty (Native American Rights Fund)

-no other racial or ethnic group faces the obstacles to voting that Native American voters do

-we are participating in section 10 consultations

-many ways for federal agencies to promote voting

-lots of federal agencies located on reservations. They could assist with voter registrations, or work with third parties or states to register voters.

-food distribution sites could be helpful, as could service sites for children and families, like head start, Bureau of Indian Education.

-Ballot drop boxes are important to have on/near reservations. Must be advertised and consistent.

-polling locations on or near reservations matter.

-polling places are closing b/c they are not ADA compliant.

-USPS – equitable mail delivery is more important than ever. Point person or task force at USPS would help. Hours of USPS are severely reduced. Distance is the number 1 problem for post offices and drop boxes. Many tribes don't have an address system. Mail is very slow.

-DOJ – want to reach out for help with voter intimidation, especially in border towns. Want annual consultation with tribes about voting issues. We need help with redistricting. Vote dilution is just as important as vote denial.

10. Celina Stewart & Jessica Jones Capparell (Legal of Women Voters)

Jessica:

-Expanding voter registration through all agencies that provide public assistance is important. Make an "opt-out" instead of an "opt-in" system. Federal govt should advance digital offerings to reach more people.

-Want you to create partnerships with state agencies to fully implement NVRA.

-HHS, VA, Citizenship and Naturalization Services, Indian Health Services – all good candidates.

-Internal offerings with employees: when apply for federal government job, register to vote, too

-Should register people at citizenship and naturalization ceremonies.

Celina:

-We are still reeling from *Brnovitch*. Focus of decision was not VRA, but entire electorate. We are looking for John Lewis Act to include more info about legislative intent, b/c court sidestepped the intent of the VRA.

-Biden put out statement right after case came down. We have to leverage DOJ re: VRA and NVRA compliance. DOJ was absent in last administration. We hope there is a push to be more present.

-Work with legislative branch to provide guidance on enforcement. Legislative branch and executive branch must be aligned.

-Agencies need funding to make sure this happens

11. Sarah Brannon and Ceridwen Cherry (ACLU)

Sarah:

-state governments can designate federal government agencies to be voter registration agencies – glad to see this expanded.

-HHS – healthcare.gov serves 20 million people per year. Voter registration could easily be added to that portal. Navigators in states w/ fed exchanges assist people with completing apps – they could integrate voting registration. Head start is also funded by HHS – the application process could also include voter registration.

-Question for HHS: what kinds of things have you been thinking about?

-Social security – SSI reaches a vulnerable community. They are lower income and have disabilities. Don't benefit from NVRA because benefits are consolidated through SSI. Would be great if SSI process included voter registration.

-IRS has programs to provide tax assistance. That system could also be leveraged.

12. Laura Williamson (Demos)

-don't stop at registration. It's just the first hurdle.

-plans have to include offer to register to vote that is integrated into service, must offer help in completing it, and an offer to transmit the registration form.

-HUD: consider integrating voter registration into public housing, requiring public housing authorities to include this. FHA lenders could offer voter registration as part of the process. Housing counselors, too. Service coordinators of multifamily housing. Neighborworks America would be a good candidate too. Public and Indian housing programs.

-eager to be in conversation about this with you.

13. Nik Youngsmith (MALDEF)

-Immigrants and noncitizens – we support voter registration efforts. We also want to make sure that they are done in a careful way. All fed employees must be well trained in this. Need to trust people are acting in bounds of the law. Especially when there are language issues.

-Federal employees need to know who should be properly registered and not. Don't want someone to face charges for registering based on bad info.

14. Michelle Kanter Cohen (Fair Elections Center)

-Need to modernize federal voter registration form. Now it is a 20+ page fillable pdf.

-Some private orgs have already tried to modernize – federal government should do something similar.

-state governments can designate federal government agencies to be voter registration agencies – glad to see this expanded.

-HHS – healthcare.gov serves 20 million people per year. Voter registration could easily be added to that portal. Navigators in states w/ fed exchanges assist people with completing apps – they could integrate voting registration. Head start is also funded by HHS – the application process could also include voter registration.

-Question for HHS: what kinds of things have you been thinking about?

-Social security – SSI reaches a vulnerable community. They are lower income and have disabilities. Don't benefit from NVRA because benefits are consolidated through SSI. Would be great if SSI process included voter registration.

-IRS has programs to provide tax assistance. That system could also be leveraged.

12. Laura Williamson (Demos)

-don't stop at registration. It's just the first hurdle.

-plans have to include offer to register to vote that is integrated into service, must offer help in completing it, and an offer to transmit the registration form.

-HUD: consider integrating voter registration into public housing, requiring public housing authorities to include this. FHA lenders could offer voter registration as part of the process. Housing counselors, too. Service coordinators of multifamily housing. Neighborworks America would be a good candidate too. Public and Indian housing programs.

-eager to be in conversation about this with you.

13. Nik Youngsmith (MALDEF)

-Immigrants and noncitizens – we support voter registration efforts. We also want to make sure that they are done in a careful way. All fed employees must be well trained in this. Need to trust people are acting in bounds of the law. Especially when there are language issues.

-Federal employees need to know who should be properly registered and not. Don't want someone to face charges for registering based on bad info.

14. Michelle Kanter Cohen (Fair Elections Center)

-Need to modernize federal voter registration form. Now it is a 20+ page fillable pdf.

-Some private orgs have already tried to modernize – federal government should do something similar.

Myesha,

I hope this email finds you well. White House Counsel's Office is working with DPC on coordinating implementation of the President's Executive Order on Promoting Voting Access. Section 9 of the EO directs the AG to take various steps to facilitate voter registration and voting for people in BOP and USMS custody and to coordinate with the Probation and Pretrial Services Office on providing similar resources and assistance to people under supervision. My colleague Justin Vail and I would like to connect with you, and any other appropriate DOJ colleagues, to discuss implementation of those provisions. Can you let us know if there are times on Monday 4/5 after 2:30 p.m. that would work?

Many thanks, and looking forward to working with you on this.

Dear Alberto,

Of course. In terms of a permanent representative, we could use one of the counsel in the CRT front office if you'd like. But for the reasons I give below, it actually might be wiser to have someone from ODAG or OASG.

Unfortunately, the request below from the White House fell through the cracks in OAG and was not forwarded to OASG or other offices. But, we are going to send someone to attend this morning's meeting and will look for a permanent representative in the meantime (OASG's view is that you are too busy and stretched too thin to be the representative, so we are looking for someone else to do it). Can CRT please draft responses to the seven questions below, by the end of next week? Please ignore the earlier deadline in the email below; I already talked to Larry about it and explained the situation, so he knows about this extension of time.

Please let me know if you have any questions.

Subject: Interagency Policy Committee Meeting on Implementation of the Promoting Access to Voting Executive Order

Colleagues,

President Biden has deemed it a priority to increase access to voting. As the Executive Order on Promoting Access to Voting ("EO") lays out, "[i]t is the responsibility of the Federal Government to expand access to, and education about, voter registration and election information, and to combat misinformation, in order to enable all eligible Americans to participate in our democracy."

The DPC and WHCO will convene an Interagency Policy Committee (IPC) meeting on **Friday, April 9 from 10:30 – 11:30 AM ET** to kick-off our collective work to implement the EO. To ensure a productive meeting, please identify your agency's staff lead at the Assistant Secretary or DAS level responsible for coordinating the implementation of the EO and provide your written responses to the questions listed below to Devontae Freeland (b) (6) by **Wednesday, April 7 at 5:00 PM ET**. The meeting will be facilitated by Justin Vail, Special Assistant to the President for Democracy and Civic Participation, Domestic Policy Council (b) (6) and Larry Schwartztol, Associate White House Counsel and Special Assistant to the President, White House Counsel's Office (b) (6)

Please note that the questions below, and the topics we plan to cover in this meeting, relate to provisions of the EO applicable to all agencies. Several provisions of the EO designate specific agencies with additional duties, and we will follow up directly those agencies to discuss implementation of those provisions.

Colleagues,

Thank you for your efforts so far in planning implementation of the President's Executive Order on Promoting Access to Voting. We are grateful for the ambitious and creative ideas that agencies across the government have already begun to develop in order to advance the EO's mandate to expand access to voter registration and political participation.

As discussed at the April 9 interagency meeting that your agencies participated in, in advance of the strategic plans due to the Assistant to the President for Domestic Policy on September 23, 2021, **we are asking agencies to submit to DPC an interim report no later than June 15, 2021.** To facilitate that process, the Domestic Policy Council and White House Counsel's Office have developed a template for those reports, which is attached. **We are also asking agency contacts to participate in a second Interagency Policy Committee meeting on May 21, 2021, from 2:00-3:30 pm EDT.** The purpose of that meeting will be to support development of the interim reports, help coordinate feedback from external stakeholders, and share strategies for implementing a whole-of-government presidential priority. An agenda for that meeting will follow.

A Zoom link for that meeting will be sent via calendar invite, and is also available here:

(b) (6) Please email me
(b) (6) no later than May 14, 2021, to confirm attendance and identify agency participants in that meeting.

We look forward to continue working with all of you, and to discussing next steps at the May 21 meeting. If you have questions in the meantime, please contact Justin Vail ((b) (6)) or Justin Levitt (b) (6) at the Domestic Policy Council or Larry Schwartztol (b) (6) from the White House Counsel's Office.

Hi,

With apologies, I need to ask to reschedule this week's meeting. Are there times that would work for the DOJ team Thursday or Friday?

Many thanks.

Dear all,

Thank you all so much for the edits and comments, of which the vast majority were accepted. As to the edits that were not taken, we will endeavor to write back briefly explaining why. Attached is a revised draft of the EO. If any agency objects to the President signing the EO as revised, please let us know immediately.

Best,
Arpit

Dear Colleagues,

I am writing to request your agency's review of the attached proposed Executive Order titled "Promoting Access to Voting." A circulation list is also attached.

We are requesting your review of this draft **no later than 3pm on Sunday, February 28th**. Apologies again for the truncated review period, but we are currently anticipating an expedited issuance. If those plans change, we may be able to provide additional time for comment.

Please provide your comments, edits, and any questions to the OMB Executive Order email address at (b) (6) or simply reply to this email by the time specified above. If you do not have any comments, please let us know that also.

Best,
Arpit

THE WHITE HOUSE
WASHINGTON

Dear Tribal Leader,

On March 7, 2021, President Biden issued an Executive Order on Promoting Access to Voting. Included in the Order is the establishment of a Native American Voting Rights Steering Group. The Steering Group, led by the Domestic Policy Council, is charged with studying best practices for protecting voting rights of Native Americans and producing a report within one year. The Order also stipulates that the Steering Group will engage in meaningful and robust consultation with Tribal Nations and Native leaders to inform the Steering Group regarding concerns and potential areas of focus for the report. The Steering Group will be making recommendations to increase voter outreach, education, registration and turnout in Native communities, as well as issues such as access to voting, increasing access to election-related materials and information in native languages, and mitigation of barriers to voting, to name a few.

Tribal input is critical in this effort. Therefore, the Steering Group will be engaging in several consultations across the country, both virtually and in-person, as allowable, over the coming months. Please see the attached schedule of the proposed consultations and a framing paper describing the information we are seeking.

The Steering Committee will be rescheduling the July 14th Tribal Consultation with the Southern and Eastern Regions and holding the next consultation on July 28th from 2:00-4:00PM with the Rocky Mountain, Eastern Oklahoma, Eastern, and Midwest Regions. If you are unable to make the dates and time for your region you are always welcome to attend any session that works best for you. The remainder of the consultations are tentative at this time and we will send information confirming those dates soon.

You can register for the July 28th session by clicking the following link [HERE](#). Registration will be unique to you and nontransferable. Also attached is the revised schedule, agenda and framing paper.

Please reach out to Tracy Goodluck (b) (6) with any questions.

Sincerely,

Libby Washburn
Special Assistant to the President for Tribal Affairs
Domestic Policy Council

Colleagues,

Thank you for your efforts so far in planning implementation of the President's Executive Order on Promoting Access to Voting. We are grateful for the ambitious and creative ideas that agencies across the government have already begun to develop in order to advance the EO's mandate to expand access to voter registration and political participation.

As discussed at the April 9 interagency meeting that your agencies participated in, in advance of the strategic plans due to the Assistant to the President for Domestic Policy on September 23, 2021, **we are asking agencies to submit to DPC an interim report no later than June 15, 2021.** To facilitate that process, the Domestic Policy Council and White House Counsel's Office have developed a template for those reports, which is attached. **We are also asking agency contacts to participate in a second Interagency Policy Committee meeting on May 21, 2021, from 2:00-3:30 pm EDT.** The purpose of that meeting will be to support development of the interim reports, help coordinate feedback from external stakeholders, and share strategies for implementing a whole-of-government presidential priority. An agenda for that meeting will follow.

A Zoom link for that meeting will be sent via calendar invite, and is also available here:

(b) (6) Please email me
(b) (6) no later than May 14, 2021, to confirm attendance and identify agency participants in that meeting.

We look forward to continue working with all of you, and to discussing next steps at the May 21 meeting. If you have questions in the meantime, please contact Justin Vail (b) (6) or Justin Levitt (b) (6) at the Domestic Policy Council or Larry Schwartz (b) (6) from the White House Counsel's Office.

Thank you.

Colleagues,

Thank you again for your efforts so far in planning implementation of the President's Executive Order on Promoting Access to Voting, and for the interim reports that you have submitted.

As you know, we're coordinating some input from stakeholders, including what we hope you found to be an informative session yesterday afternoon with state and local election officials. We've also planned a session for nonpartisan nonprofit organizations engaged in voting rights advocacy to provide their recommendations and thoughts on best practices; we will follow up shortly with an additional session from nonprofit organizations with substantial expertise in reaching out to and engaging particular populations of voters who may be more difficult to reach. We hope that each of these sessions will provide helpful feedback as you further refine the strategic plans due to the Assistant to the President for Domestic Policy on September 23, 2021.

The session with voting rights advocates will take place on **July 12, from 2:00-3:30pm**. We've reached out to various umbrella organizations and regular advocates in this space; the organizations attending will focus on different constituencies and have different priorities. Some are state-level organizations; some have a national program. As with the election officials, they will have different perspectives. But they are also all eager to lend their perspectives to better inform your work.

You can access the meeting at this Zoom link

(b) (6) the agenda, as with the election officials, will involve a brief introduction to some of their general recommendations, and an opportunity to ask questions. Please email me (b) (6) no later than **Thursday, July 8**, if you are interested in attending.

We look forward to continue working with all of you. As always, if you have questions, please contact Justin Vail (b) (6) or Justin Levitt (b) (6) at the Domestic Policy Council or Larry Schwartz (b) (6) from the White House Counsel's Office.

Alberto, happy to have submitted our plan and have the deadline behind us! Thanks for all of your help.

Was hoping we could touch base next week about next steps for implementation? Let me know if there's a day that would be best for you.

Happy early Juneteenth!

Subject: 5/21 Voting EO Meeting/Thank You & Follow Up

Colleagues,

Thank you all for taking the time to convene on May 21 to discuss the ongoing efforts to implement the President's Executive Order on Promoting Access to Voting. We are so grateful for the ambitious and creative approach so many agencies are taking to answer the President's call to expand access to our democracy.

As agencies develop the interim reports due on June 15, please do not hesitate to reach out to me, Justin Vail, or Justin Levitt with any questions or if there are ways we can help. Similarly, though a legal review is not a necessary part of the June 15 interim report, if there are questions regarding the interaction of the EO with the Purpose Statute, please encourage your agency GCs to reach out to Sam Bagenstos, who is happy to continue to offer guidance on those issues. And as discussed at the meeting, we warmly welcome any suggestions on stakeholder engagement that would be helpful to your agencies. We are planning to facilitate zoom panels early this summer with state and local election officials, organizations that engage in voter registration activities, and organizations that represent hard-to-reach or underserved communities. If you would like to be included in any of those panels, or if there are other stakeholders or experts whose perspectives you think could inform this interagency process, please let us know.

Best,
Larry

Colleagues,

Thank you again for your efforts so far in planning implementation of the President's Executive Order on Promoting Access to Voting, and for the interim reports that you have submitted.

Around our last Interagency Policy Committee meeting on May 21, we heard that it would be welcome if we were able to coordinate some input from stakeholders. We have planned a session for election officials to provide their recommendations and thoughts on best practices; we will follow up shortly with two additional sessions – one from nonprofit organizations engaged in voting rights advocacy, and one from nonprofit organizations with substantial expertise in reaching out to and engaging particular populations of voters who may be more difficult to reach. We believe that these sessions will provide some helpful feedback as you further refine the strategic plans due to the Assistant to the President for Domestic Policy on September 23, 2021.

The session with election officials will take place on **July 1, from 2:00-3:30pm**. We've reached out to 10 pragmatic state and local officials, from different parts of the country, serving very different constituencies; the group includes Democrats and Republicans and those with no public partisan affiliation. Some are elected; some are appointed. They will have different perspectives. But they are all eager to lend their perspectives to better inform your work.

You can access the meeting at this Zoom link

(b) (6) a more specific agenda will follow. Please email me (b) (6) no later than Monday, June 28, if you are interested in attending.

We look forward to continue working with all of you. As always, if you have questions, please contact Justin Vail (b) (6) or Justin Levitt (b) (6) at the Domestic Policy Council or Larry Schwartz (b) (6) from the White House Counsel's Office.

Good morning,

In case you missed my note right before the holiday weekend, I wanted to lift up this invitation to our second listening session, to be held Mon 7/2 at 2:00 pm with voting rights advocacy groups. Details are below for your reference and you can RSVP to me directly. If you have already emailed me, you are all set.

Thank you all and happy Friday.

Best,

Devontae Freeland (*he/him/his*)

Subject: Voting EO stakeholder session #2 | Voting rights advocates roundtable on 7/12

Colleagues,

Thank you again for your efforts so far in planning implementation of the President's Executive Order on Promoting Access to Voting, and for the interim reports that you have submitted.

As you know, we're coordinating some input from stakeholders, including what we hope you found to be an informative session yesterday afternoon with state and local election officials. We've also planned a session for nonpartisan nonprofit organizations engaged in voting rights advocacy to provide their recommendations and thoughts on best practices; we will follow up shortly with an additional session from nonprofit organizations with substantial expertise in reaching out to and engaging particular populations of voters who may be more difficult to reach. We hope that each of these sessions will provide helpful feedback as you further refine the strategic plans due to the Assistant to the President for Domestic Policy on September 23, 2021.

The session with voting rights advocates will take place on **July 12, from 2:00-3:30pm**. We've reached out to various umbrella organizations and regular advocates in this space; the organizations attending will focus on different constituencies and have different priorities. Some are state-level organizations; some have a national program. As with the election officials, they will have different perspectives. But they are also all eager to lend their perspectives to better inform your work.

You can access the meeting at this Zoom link:

(b) (6) the agenda, as with the election officials, will involve a brief introduction to some of their general recommendations, and an opportunity to ask questions. Please email me (b) (6) no later than **Thursday, July 8**, if you are interested in attending.

We look forward to continue working with all of you. As always, if you have questions, please contact Justin Vail (b) (6) or Justin Levitt (b) (6) at the Domestic Policy Council or Larry Schwartz (b) (6) from the White House Counsel's Office.

Best,

Devontae Freeland (he/him/his)

Subject: Voting EO contacts for stakeholder organization connections

Many thanks to those of you who participated in Monday's session for input from voting rights organizations on implementing the access to voting executive order. We know the session packed a lot of rapid-fire feedback; we hope that the general input was informative, and that even the specific input directed at agencies other than your own may nevertheless have inspired some thought. We're pulling together another session shortly, featuring organizations with particular expertise in engaging voting populations more difficult to reach; we'll keep you updated. And we'll continue to engage you on the individual strategic plans you're pulling together. Thank you, again, for all of the work.

In the meantime, some of the stakeholder organizations had specific requests for connections to offer further input, either at an agency level or for a specific component. We're not seeking to urge any meeting that you wouldn't otherwise take, or answer any question that you wouldn't otherwise answer for any external entity, particularly for plans still in progress. But in the event that you'd find the dialogue or input helpful, we're happy to facilitate the contact so that the organizations can ask their questions or offer their input directly. Again, you should also feel free not to share a point of contact. We will only share agency points of contacts for agencies that say it would be helpful to them to hear directly from external stakeholders.

And so, if you would find it fruitful to engage organizations that would like to provide input to you on the implementation of the Executive Order, please let me know by EOD Monday, July 19, who the most appropriate contact to pass on to the organizations might be. We recognize that in some instances, that person may well be the same individual already designated as an Administration point of contact for the EO, but recognize that in some instances, the most appropriate external point of contact may be different.

Thank you again for all of your efforts.

Hi Justin,
Sorry for the late reply! (And thank you for the reminder.) Please add me to your list. I am checking to see if there are additional people who should be included and will get back to you this morning.
Thanks!

Hi, all. Just a reminder to please respond (replying to me individually), if you haven't already. In the event that you'd find the dialogue or input with external stakeholders helpful, please send an appropriate contact; in the event that you'd rather not share a contact for external engagement on the executive order, that's fine to say as well. But please do let me know one way or the other.

Thank you, again, for all of your efforts!

Justin

Hi Tracy,

Hope you are well! I'm writing to ask if a tribal consultation will be happening tomorrow afternoon. I have a schedule of the consultations that may be outdated, but it lists July 14 from 2-4 pm for the Southern and Eastern regions. Can you let me know if that is going forward, or has been rescheduled to another time?

Thanks very much!

Carrie,

Attached is the latest email we received regarding the voting EO. I'm also going to forward you the invite to the meeting below, as well as the invite to separate meetings we have with the White House on Section 9 of the EO. We'll discuss this in greater detail at 2:00 p.m.

Looking forward to working with you on this.
